

# What is that?

For those of you that are behind the technology curve (like me!), you may not recognize this symbol.

It is the Manchester Church of Christ QR! What is a QR you ask? "QR is short for Quick Response (they can be read quickly by a cell phone). They are used to take a piece of information from a transitory media and put it in to your cell phone. You may soon see QR Codes in a magazine advert, on a billboard, a web page or even on someone's t-shirt. Once it is in your cell phone, it may give you details about that business (allowing users to search for nearby locations), or details about the person wearing the t-shirt, show you a URL which you can click to see a trailer for a movie, or it may give you a coupon which you can use in a local outlet.

The reason why they are more useful than a standard barcode is that they can store (and digitally present) much more data, including url links, geo coordinates, and text. The other key feature of QR Codes is that instead of requiring a chunky hand-held scanner to scan them, many modern cell phones can scan them. " (quote from Marc Lyne)

So download the scanner app and see what the QR has to say about our congregation. And share the QR!

Park is on his annual trip to round up counselors for GanderBrook. While he is away, Preston will be preaching a pair of sermons about Martha, Mary, & Lazarus but with a twist. So come and hear what new angles Preston will draw on this trio.

Tonight Leslie Taylor will give a presentation on his plans to do mission work in Japan.

Park Linscomb, our minister

You may remember Leslie & his family when he applied for the youth minister position. They spent time in Japan on a mission trip and now plan to make it their FT work.

The following two Wednesdays, Gerry will be teaching the class for Park.

# Our Family

"Therefore encourage one another and build each other up, just as in fact you are doing."  
1 Thessalonians 5:11 NIV

## TEENS
